Dear Mr. President,

As Republican Governors, we stand UNITED in strong support of your One, Big, Beautiful Bill. This landmark piece of legislation embodies your powerful vision to bring about the next great American revival. It truly delivers on the bold promises all Republicans made to the American people to restore the security, prosperity, and fiscal sanity for our nation.

After four long years of tremendous hardship under President Joe Biden and Kamala Harris, the American people cannot wait any longer for Congress to enact the One, Big, Beautiful Bill. The American people have witnessed the tireless work undertaken by you and your administration to reverse the disastrous consequences of President Biden's failed and often illegal policies. You have demonstrated a commitment to using every ounce of Executive authority available to reinstitute fiscal sanity, fight the deep state, secure our borders, and achieve energy dominance.

Now, Congress must act to fully and permanently implement your America First agenda for which over 77 million Americans voted. Thankfully, your One, Big, Beautiful Bill would accomplish this. It would provide you with the resources you need to permanently secure the border, remove barriers needed to truly unleash American energy production, protect Americans by making a once-in-a-lifetime investment in military technology that once seemed like science fiction, give working class families tax cuts worth thousands of dollars each, and ensure your administration has the tools needed to deport illegal alien murders and rapists.

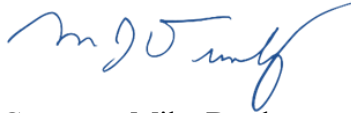

We agree with you; Republicans must UNIFY around this unprecedented piece of conservative legislation. And, while we all know more must be done to secure the fiscal future of our nation's finances, we cannot miss this chance to save taxpayers \$1.6 trillion over the next ten years, a feat that has never been accomplished in the history of this nation.

We stand by your side and will support you in any way to ensure this necessary piece of legislation is enacted.

Sincerely,

Governor Kay Ivey
