The Honorable Mike Johnson
Speaker, U.S. House of Representatives
Washington, D.C. 20515

Dear Leader Thune and Speaker Johnson,

As Republican governors of states tasked with protecting our citizens, we write to express our strong support for swift enactment of *The Secure America Act*, legislation to provide sustained funding to U.S. Customs and Border Protection (CBP) and U.S. Immigration and Customs Enforcement (ICE).

Under President Trump's leadership, and thanks to the tireless efforts of CBP and ICE, America has the most secure border in our Nation's history. No longer are human traffickers, drug traffickers, and violent criminals taking advantage of an open border to hurt innocent people and American communities.

However, for months, Congressional Democrats have refused to fund CBP and ICE, using the brave and selfless men and women of CBP and ICE as pawns and collateral damage to their political cause. Governors will only be as successful as their federal partners, and Congressional Democrats are failing to fulfill the basic federal responsibility of funding key portions of our federal law enforcement system.

In short, we lend our wholehearted support to ensuring that this necessary piece of legislation is completed through the budget reconciliation process and sent to the President for his signature immediately. As governors, we the undersigned urge Republicans in Congress to fund CBP and ICE for the remainder of President Trump's term in office, and to do so without delay.

Sincerely,
