President Donald J. Trump
The White House
1600 Pennsylvania Avenue, N.W.
Washington, D.C. 20500

Dear Mr. President,

As Republican Governors, we strongly support your call for the United States Senate to urgently pass a budget resolution. This resolution is a crucial first step to protect America's elections, strengthen America's national defense, and support American farmers.

The SAVE America Act includes commonsense measures that are critical for restoring Americans' trust in our electoral process. As governors, we are on the frontlines of the fight to restore confidence in our election process. The shocking revelation that hundreds of thousands of ineligible individuals were found to be on voter rolls across the United States only underscores the urgency of this effort. This budget resolution begins the process for Republicans to enact critical election integrity measures included in the SAVE America Act.

This resolution will also ensure our military has the munitions, equipment and supplies they need to deter our adversaries and keep our homeland safe. We fully support the Administration's funding request for the Department of War (DOW) to cover increased operational costs and readiness expenses, while making critical investments in munitions to ensure our military is the strongest in the world.

Republicans, with the passage of this resolution, would have the opportunity to help lower food prices by providing much-needed economic assistance to America's farmers. You have made clear that you will not leave America's farmers behind, and as governors who represent robust and diverse agricultural industries, we stand with you in ironclad support for America's family farms.

Mr. President, you have worked tirelessly to deliver on your promises to the American people since being sworn in as the 47th President of the United States. Today, more money is being invested in our states than ever before, manufacturing is booming, our once wide-open border is now the most secure in our nation's history, and our communities are safer. Simply put, America is back—but one critical challenge remains: no nation can remain great without secure and honest elections.

Our call to action today represents our deep understanding of how critical it is for Congress to deliver resources for our warfighters, assistance for our farmers and ranchers, and the urgent need to pass the commonsense election integrity measures included in the SAVE America Act. You can count on our support to help get this package to your desk as quickly as possible.

Sincerely,

Governor Kay Ivey
